

PROTECT YOUR BUSINESS WITH

www.AMAROK.com

Building Intrusion Detection

Your property's yard and outdoor assets are protected by The Electric Guard Dog™ Fence. Now, protect your on-site structures with our Building Intrusion Detection solutions and deny thieves access to potential weak points.

Key Features

Limit access to your building to only authorized personnel, inside or outside of business hours

Protect any entry point with a motion, glassbreak or door contact that can alarm separately

Add surveillance cameras for alarm verification and remote video monitoring

Receive notifications via the easy-to-use phone app

Log entry and exit times of authorized employees who access your business

Motion Detectors

Wireless

Installer-selectable range of 40 to 60 feet

Dual technology for enhanced detection and minimal false alarms

Glassbreak Detectors

Wireless

Range of 25 feet from the farthest protected glass

Senses the sound of a variety of glass types (laminated, ordinary plate, etc.)

Door Contacts

Wireless

Includes built-in magnetic reed switch and wired closed-circuit contact loop

Indoor, outdoor, and overload door contact options
